

The Most Cost-Effective decoding platform SoC

Overview

F133-A/B is an advanced application processor designed for the video decoding platform. It integrates a 64-bit processor with RISC CPU instruction architecture to provide the most efficient computing power. F133-A/B supports full format decoding such as H.265, H.264, MPEG-1/2/4, JPEG, VC1, and so on. And the independent hardware encoder can encode in JPEG or MJPEG. Integrated multi ADCs/DACs and I2S/PCM/DMIC/OWA audio interfaces can provide the perfect voice interaction solution. F133-A/B supports rich display output interfaces to meet the requirements of the screen display in differentiated markets. F133-A/B can be used in network video machines, advertising machines, digital photo frames, car MP5, and so on.

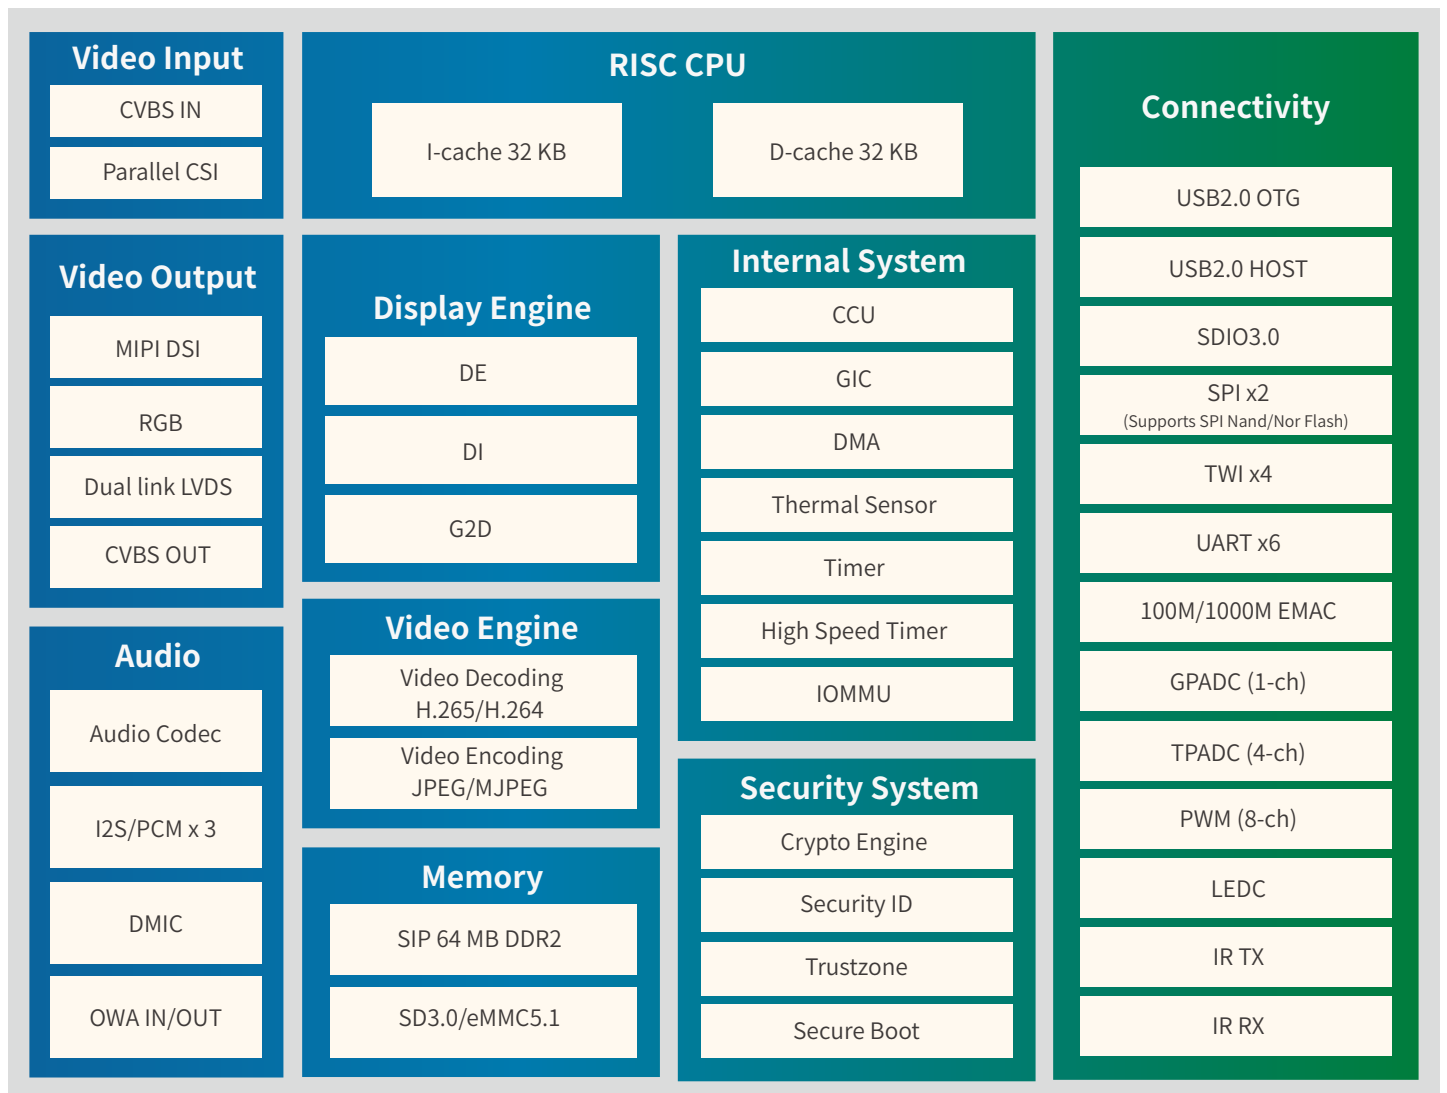

Highlights

- Integrated 64-bit RISC CPU processor provides powerful computing performance.
- The 1080p full format decoding, rich display output interfaces, and Allwinner SmartColor 2.0 display enhancement technology provide excellent video experience for users.
- To reduce the BOM cost, a 64 MB DDR2 die is embedded for F133-A/B.
- Rich peripheral interfaces, such as USB, SDIO, EMAC, TWI, UART, SPI, PWM, GPADC, IR TX&RX, and so on, greatly facilitate product expansion.
- The advanced process design with lower voltage and lower leakage, the power optimization design for typical scenes, and the enhanced heat dissipation package, improve the heating experience of the product.

Features

ABOUT ALLWINNER

Allwinner Technology is a leading fabless design company dedicated to smart application processor SoCs and smart analog ICs. Its product line includes multi-core application processors for smart devices and smart power management ICs used by brands worldwide.

With its focus on cutting edge UHD video processing, high performance multi-core CPU/GPU integration, and ultra-low power consumption, Allwinner Technology is a mainstream solution provider for the global tablet, internet TV, smart home device, automotive in-dash device, smart power management, and mobile connected device markets. Allwinner Technology is headquartered in Zhuhai, China.
